

EASYFIT
— TREND —

**MAKE
THEM
UNIQUE**

Make them unique with EasyFit Trend by MEI.

Thanks to the Creativity Engraving function, available with EasyFit Trend, you can offer to your customers an exclusive service. You can realize totally customized lenses, marking what makes them truly unique: words, logos, drawings, initials, icons. Your customers' glasses will no longer be simple glasses. They will be the expression of their personality.

With the MEI Creativity Engraving function you can:

Upload an image

and mark it on the lens!

Save a logo

and use it whenever you need it!

Write on the lens choosing font and size!

Linear text or rounded to the corner? It's up to you!

Resize and modify the logo and place it exactly where you want

Anchor and rotate it according to the edge or align it as you need.

And yes... You can mark also on already cut lenses!
