

Air2Go

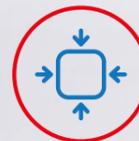

AIR2GO

The new MEI air compressor tailored for the EasyFit lens edger

Air2Go is the new high-performance air compressor specifically developed by **MEI** to meet **EasyFit Trend** users' needs. High-performance air supply, low noise level, optimized power absorption, and a compact design are the main features of this tool, with a high-quality level guaranteed by the **MEI** manufacturing standards.

Benefits

The **COMPACT DESIGN** makes possible the integration under a workbench

AUTOMATIC MONITORING of water level in the integrated water tank

OIL/WATER SEPARATOR GUARANTEES no contamination in the water tank

LOW NOISE LEVEL: maximum 68dB

SMART DISPLAY for general information management (working hours, pressure level, alarm history)

TIMER for automatic startup and shutdown

OPTIMIZED POWER ABSORPTION (based on actual need and the pressure in the air tank)

REMOTE MEI TROUBLESHOOTING INCLUDED

In the UL/CSA version, Air2Go has an **INVERTER TO MANAGE THE VOLTAGES** of different regions. This feature can limit the power peaks, reducing the total power absorption.
